

## **INFORMATION REPORT**

---

**Meeting Date: 2023-08-28**

**Title: 2024 Budget Survey**

**Prepared By: Steven Lansdell-Roll**

**Department:** Finance

**Report Number: Finance-2023-024**

---

### **Background:**

To cost effectively provide an opportunity for the public to express their views on 2024 budget related topics, city staff created a survey for the public to complete.

The survey was created online and communicated as follows:

- During the 2023 Chamber of Commerce Home and Leisure Expo (May 12-13)
- Included on the municipality's corporate website
- Included on the municipality's social media accounts
- Noted during the Treasurer's comments at Council meetings

### **Discussion:**

A survey is a valuable assessment tool in which a sample is selected and information from the sample can then be generalized to a larger population.

In total, there were 60 responses to the 2024 Budget Survey, with 43 completing the complete survey.
