

## **STAFF REPORT**

---

**Meeting Date: January 13, 2025**

**Title: Support KDSB re: Net Local Levy Calculations**

**Prepared By: Allyson Euler**

**Department:** Administration

**Report Number: Administration-2025-001**

---

### **Recommendation:**

That Council support the resolution prepared by the Kenora District Services Board to amend the apportionment formula as outlined in the attachment to this Staff Report.

In December the Kenora District Services Board (KDSB) Board of Directors meeting, a resolution was adopted that intends to amend the KDSB apportionment formula between the District Municipalities and the Territories Without Municipal Organization (TWOMO) by setting a minimum apportionment percentage/threshold to the TWOMO share. An amendment of the apportionment formula will allow the KDSB to proactively manage and stabilize the current and future net local levy.

As stated in the attachment from the KDSB, while each District Social Services Administration Board has the authority to amend their local levy apportionment models, such amendments require a double majority vote.

### **Background:**

See KDSB attachment.

### **Discussion:**

See KDSB attachment.

**Financial Implications:**

See KDSB attachment.
