

PUBLIC NOTICE
RE: PLANTING OF FLOWERS & SHRUBS
IN THE DRYDEN CEMETERY

The City of Dryden Cemetery By-law provides guidelines for the planting of trees, flowers and shrubs on graves. Flower beds/planting must not exceed 18 inches in width and are permitted at the base of monuments only. These flowerbeds may include a variety of annual flowers, perennials such as Phlox, Artemisia, and Candytuft to name a few, or shrubs such as Spirea, Potentilla or Astilbe. These types of flowers and shrubs must be low growing varieties, which will remain within the confines as designated above and will assist with the general maintenance and ensure the Cemetery grounds remain neat and well kept. A list of the various types of flowers and shrubs permitted is available on the City of Dryden website at www.dryden.ca. **The construction of borders or enclosures, such as fences around graves, is not permitted. Glass containers are forbidden and will be removed without notice.**

We are seeking the cooperation of the public by requesting that worn, broken and out-of-season decorations/artificial flowers be removed no later than April 30, 2021 after which time they will be removed and disposed of by the City. Please note that the City of Dryden shall not be responsible for loss of or damage to any portable articles left upon any lot or grave at the Dryden Cemetery.

The City of Dryden appreciates your cooperation and assistance in maintaining the Cemetery. If you have any questions regarding the Dryden Cemetery, please contact Patti Spielmacher, Cemetery and Licensing Coordinator at 807-223-1160.
