

Quote from Blair Contracting

Re: Demolition Buildings at 325 Government Street

Three triaxle haul trucks:

150hr = \$19,500

35 ton excavator:

40hrs = \$8,200

12 ton excavator:

20hrs = \$2,800

310 excavator at dump:

50hrs = \$5,500

Labour:

140hrs = \$10,000

Crew Supervisor/Admin/Safety Rep. =

\$4,000

Operator/Crew Travel:

\$2,500

Lowbed:

\$1,500

Total cost: \$54,000 + Fees/Taxes

73 loads low end at \$480 per load works out to \$35,040. If it landed closer to six tonnes per load you are looking at \$48,180 in tipping fees.
